2. Dig Deeper

The earnestness of Paul's prayer in Ephesians 1:15-17 and the end result in Revelation shows us the imperative of finding 'Wonder'. It's at this point that the Christian and Churches change tack. From Words and Works – to intimate Wonder.

Paul's message is clear: information about God is insufficient, and the upgrade results in increased intimacy

1. **What is your personal response to this call to engage with God more deeply?**
 - A touch of guilt? Frustration? Apathy? Excitement at what is possible?
2. **What area of life needs to move on from mere information to wisdom?**
 - What do you know should be true, and yet isn't true for you yet?
 - Behaviour, action, mercy etc
3. **In what area would you love to know God better (and why)?**
 - His love; His power; His grace ... mercy?

3. Multiply

- Who are you praying for that needs God in their life?
- Who can you share your takeaways from today's message with?
